Summary

I am a dedicated professional with a background in Mechatronics, Robotics, and Automation Engineering from the National Aviation Academy, where I am currently pursuing my Bachelor's degree. My academic journey has equipped me with a strong foundation in cutting-edge technologies such as artificial intelligence and large language models (LLMs). Proficient in web applications, website building, and cybersecurity concepts, I bring an innovative approach to problem-solving within the IT landscape.

At SoftYu — One Platform. Infinite Possibilities — we specialize in delivering comprehensive IT solutions tailored to meet modern business needs.
